

In the Drawings:

Please amend the drawings by replacing original Fig. 3 with the amended Fig. 3 according to the enclosed Replacement Sheet. The revisions are shown in the enclosed Annotated Sheet. Reference number "35" has been changed to --34-- to avoid duplicate use of the reference number, and the lead-line for reference number "30" has been lengthened to indicate the proper element. Approval of these corrections and entry of the Replacement Sheet are respectfully requested. The original sheets bearing Figs. 1, 2 and 4 to 10 are maintained unchanged.
